Mr. Lewis I. Merritt,
Westport, Conn.

Dear Mr. Merritt:

If you think it safe to do so, I wish you would connect the water system at my place on Newtown Avenue. The key is at D. A. Fleming's on the corner of Wilton Road. This opens both doors.

When you fix up the water, don't forget the new bathroom between the two bedrooms at the north end of the house.

We will probably be coming down weekends after this.

Very truly yours,

Curator

Dear Mr. Merritt:

At your convenience, will you kindly shut off the water at my cottage on Newtown Avenue. A key that fits both the pump house and the back door is with the Flemings, corner of Newtown Avenue and the Wilton Road. When through with it, please return the key to them.

Do not forget the bathroom in the north part of the house.

Very truly yours,

Curator
